MISCELLANEOUS.

thereafter. Nothing taken for less than 25c.

NOTICE—CERTAIN IRRESPONSIBLE PARties, who are hading the night soil, manure,
garbage and other filth, and who are dumping
the same in and about the city, to the great
danger of the health of its inhabitants and
contrary to the ordinances regulating these
matters, and who are charging exorbitant
prices for their work, have in many instances
represented that they are employes of mine.

In order to correct this impression and to prevent further fraud I desire to say that I an
operating on a contract with the city, with
my own teams, and further that all my wagon
boxes and tanks have my name printed on both
sides: "A. MacDonald, City Garbage Wagon."
All charges for work will be strictly in compiliance with my contract, and no overcharge
or other irregularities will be permitted by
employes of mine. Compiaints of any nature
should be made to me and they will be given
prompt attention.

Telephone 1387.

Orders for Future Distribution Are Still Materially Restricted.

DECREASE IN APRIL EARNINGS REPORTED

Strikes on Railroads, in Coal Mines and Industrial Institutions, Added to Tariff. Legislation, Put a Damper on Trade.

NEW YORK, April 20.-R. G. Dun & Co.'s weekly review of trade, issued today, says New orders for future distribution are still materially restricted by uncertainty about action at Washington and about the extent and outcome of labor difficulties. Most of the recovery realized in business has been made possible by consent of workers to accept lower wages for a time, and if a hard-working business man. His health they insist on a restoration of wages before had become greatly run down by reason of consumption has restored prices many works must step. The great strike threatened by bituminous coal miners and of associated employes on railroads make the future less hopeful. Exports of gold had future less hopeful. Exports of gold had some influence and continuing loss in earnings some. Earnings for April thus far decrease 13.4 per cent, against 14.1 in February and 13.4 in March. Demoralization of lake freights already divert much bulky eastbound tennage from the railroads, though the movement of other merchandise is well sustained. The failures of the past week have been somewhat more important than usual, but were 219 in the United States, against 188 last year, and forty-five in Canada, against twenty-two last year. For the first half of April liabilities reported have been \$4,168,406, of which \$2,082,550 were of manufacturing and \$1,94,-367 of trading concerns.

BRADSTREET'S TRADE REVIEW.

Strikes and the Commencement of Spring Work Interfere with Trade.

NEW YORK, April 20.-Bradstreet's review of trade tomorrow will say: With the exception of the prospect for a still further extension of strikes and other labor disturbances, no plainly retarding influence is manifesting Itself. So far as learned, there are about twenty-three additional strikes, involving 23,000 people. This brings the total number of these now on strike or idle because of strikes up to 60,000. The week also furnishes eleven shutdowns of important industrials establishments, which is more than offset by resumptions at thirty-two others, which furnish employment to 5,000 operatives, although seven important establishments announce reductions of wages. The widely-heralded announcement that 200,000 coal miners will strike today has occasioned uncasiness among manufacturers at many disturbances, no plainly retarding influheralded announcement that 20,000 coal miners will strike today has occasioned uncasiness among manufacturers at many central, western and eastern cities, owing to the prospective, scarcity of fuel. Cities along the line of the Great Northern railroad, which road is now at a standstill because of the strikes of employes, are finding their reduced volumes of business still further curtailed, and at Chicago labor troubles seriously affect the building trades. Exports of wheat (flour included) from both coasts this week amount to 2,019,000 bushels, a gain of 35 per cent over the preceding week. In a like week of last year the total exportation was 2,071,000 bushels, two years ago, 3,107,000 bushels. At Omaha trade is checked, due to the revival of farm work, following the good rains throughout Nebraska, which was to be expected. No material change is reported from Chicago or St. Louis, the volume of business in staple lines being about an average. A fair summer trade is anticipated.

As fair as the grain crop of California is

an average. A fair summer trade is anticipated.

As far as the grain crop of California is concerned the outlook is very bad. It all depends on whether we have rain within ten days or two weeks. Without any more rainfall we will have a fair crop in the Sacramento valley and in the extreme northern parts of the San Joaquin valley, while in most of the San Joaquin valley and southern California the yield will be next to nothing. It is estimated that under such conditions we would have about 13,000,000 bushels of wheat for export from this year's crop. We will carry over about the same quantity of last year's wheat.

FINANCIAL REVIEW OF THE WEEK.

Trading Purely Professional-Prices Rally NEW YORK, April 20.—Bradstreet's cial report tomorrow will say: While there has been a continuance of speculative in-

part of professional operators to depress prices, the stock market still shows little susceptibility to such influences. The heavy gold shipments of last week and the expectation of a further outflow at the close of the present week were supplemented by exaggerated impressions regarding the significance of the friction between various railroads in both the trunk line and granger groups and by fears of an extension of the Great Northern strike to others. Due use was made of these facts by the bear party, who were also discouraged by the evident lack of buying and the failure of the Great Northern report to appear. In spite of these influences no real tendency to liquidate was discovered, and toward the end of the week it became evident that limited concessions which had been made on prices had been effected at the expense of a considerable increase in a short interest. The concessions recorded in prices have mainly been unimportant, though the sale of a considerable amount of New York Central, putting that stock below par, was regarded as somewhat significant. The grangers, however, upon which the bear pressure was the most severe, declined only gradually, in spite of generally decreased earnings which are now being reported by the railroads in that section and the distributing influence of threatened cuts in rates. The industrial stocks, though somewhat neglected, as a class, were strong throughout. On Friday the general market rallied sharply, apparently on covering of short sales, the grangers being conspicuously strong. The tone of speculation, however, was duil and professional throughout. part of professional operators to depress one of speculation, however, was dull and professional throughout.

ANNOUNCEMENTS.

At the matinee this afternoon Mr. Richard Mansfield will be seen in Mr. A. C. Gunther's comedy, "Prince Karl." Tonight Mr. Mansfield will play the dual role of Dr. Jekyli and Mr. Hyde.

A Favorite for Coughs and Colds. "Chamberlain's Cough Remedy is the best medicine for coughs and colds we have eve sold," says S. Keel & Son of Cold Run, Ky. It is a favorite because it can always be depended upon. It loosens a cold, relieves the lungs and effects a permanent cure. Whooping cough is not dangerous when this remedy is freely given, as it liquifies the tough mucus and and makes it easier to expectorate. 25 and 50-cent bottles for sale by druggists.

sembly at Saratoga, N. Y., should not pur-chase their tickets without first obtaining rates on the Nickel Plate road, which are always the lowest. For further information dress J. Y. Calahan, general agent, 199 Clark street, Chicago, 11l.

Address on Missions.

Rev. Dr. John Gillespie, secretary of the Presbyterian Board of Roreign Missions, Presbyterian Board of Foreign Missions, is in the city on a visit and will deliver two addresses on Sinday. In the morning he will speak at the Westiningter Presbyterian church, his subject being, "Across the Lower Hange of the Himalayas to Visit a Leper Settlement." In the evening he will talk at the Free Presbyterian church on "Observations on Mission Fields." Dr. Gillespie is one of the leading men of the Presbyterian church and a foreible and interesting speaker.

DUN'S AND BRADSTREET'S IS THERE NO HELP?

A Hard-Workin; Business Man Makes This Appeal,

AN IMPORTANT QUESTION.

He Receives A Clear, A Truthful and A Most Valuable Answer, Which Is of Interest to All.

"Is there any remedy for extreme emacla-tion? Is there any way by which a thin weak person can be made fleshy and strong? These interesting questions were recently addressed to a leading medical journal by a hard-working business man. His health over application, long hours and other ex-The consequence was he found himself sufferer from indigestion, dyspepsia and faulty assimilation, followed later by catarra dyspepsia and of the bowels. The food he are did not give a tenth part of the nourishment it ought to have given. His blood became thin, his flesh wasted away, until he was reduced to a mere shadow of his former self. The fact was, he was dying from sheer starvation.

sheer starvation.

The editor of the medical journal became interested in this case and gave it earnest attention. The result was that he forwarded some sound advice to the sufferer. He told him something which if it were generally known would save an immense amount of sickness, weakness and suffering. What the editor said was this:

"We advise you," he wrote, "to take a pre-digested food; that is a food capable of being absorbed by the system directly it is swallowed, thus imparting nourishment to

swallowed, thus imparting nourishment to the body in spite of the stomach. This will give your stomach a rest and enable it to recuperate. It will also prevent the ac-cumulation of undigested food, which causes the constipation and other distressing symp-toms of which you complain. It will build up your system as nothing else can do. It will increase your weight, give you new strength and make a well man of you. Now, there is only one food of this kind. It is known as "Paskola, the flesh-forming food. To be a west satisfied to propose the comparison of the same food. It is a great scientific preparation-something totally different from anything ever before introduced. Its effects are re-markable. Paskola is now recognized as a perfect substitute for cod liver oil and all other old fashioned remedies. It is easy and pleasant to take. It is grateful to the most delicate stomach. From what we have seen of its effects we are confident that it will not only give you relief but increase your weight in a very short time."

The business man followed this advice.

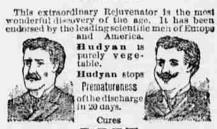

Today he is in splendid health. All his old ailments have departed, his former strength has returned, and instead of weigh-ing 110 pounds he tips the scales at 140. He ing 110 pounds he tips the scales at 140. He never wearies of telling about what Paskola has done for him, and his friends repeat the story.

This is but one instance of what Paskola

as done for thin, weak, debilitated people. Thousands of others might be mentioned. Certain it is that as a flesh former and remedy for distressing stomach troubles it is unsurpassed. Loss of flesh is a sign of disease. Half the ailments of the human race spring from disorders of the stomach. The way to relieve all symptoms tending to these conditions is to take a perfectly pre-digested food. Paskola is the only food known to medical science that thoroughly conforms to this high standard.
A pamphlet giving full particulars

specting Paskola will be sent on application to the Pre-Digested Food Co., 30 Reads street, New York city.

BEFORE LOST AFTER MANHOOD

Constipation, Dizziners, Falling Bensations, Nervous Twitching of the cyes and other parts. Strengthens, invigorates and tones the entire system. Hudyan cures Debility, Nervousners, Emissions, and developes and reatores weak organs. Pains in the back, losses by day or nightare stopped quickly. Over 2,000 private endorsements.
